Corporate Overview

Established in 1968 JS have over 35 years experience in the office interiors market. Throughout this time we have supplied product and services to a wide range of clientele including private and public companies, blue chip organisations, local and government departments, colleges and schools.

We are an independent supplier and therefore can offer an unparalleled portfolio of products for your needs and requirements. We offer single source benefits of dealing with just one supplier including furniture moves, churn reconfiguration through to full building fit out.

All products and services supplied meet the current Health & Safety and EC Directives. An environmental policy is adhered to for both the purchase and supply of products. We have ISO 9001 accreditation and it is our company policy to provide products and services in accordance with customer requirements. We are committed to making our company a fair and equitable environment for all our staff, customers, suppliers and others with whom we come into contact.

Certificates are available for all of the above upon request

We are dedicated to customer service and aim to work in partnership with each of our clients providing the right product on time and within budget. To achieve this our staff are dedicated in supporting the client throughout and beyond the sales process.

SERVICE PORTFOLIO

Consultation

To provide you with the office environment you want we must first establish your requirements one of our consultants will work with you to develop a brief which includes budgets, timings and products that meet your objectives. All at no cost or obligation

Planning and Design

Our in-house computer aided drawing team can provide you with 2D and 3D layouts to help you decide the most efficient and cost effective design. Presentations can be arranged at your premises, allowing your colleagues to view drawings and enabling you to change layouts immediately without the hassle and time lost making revisions.

Finance

Did you realise that you have an alternative to paying cash when purchasing furniture or refurbishing your offices? Even in times of fluctuating rates, leasing can still prove to be a very cost effective method of finance and offers you the following benefits:

- Overcome budget limitations
- Ease cashflow
- Payments are 100% tax allowable
- Flexibility of including part or all elements of the refurbishment in one monthly cost
- Preserve borrowing power

Installation

All deliveries and installations are undertaken by our Experienced teams at times tailored to your requirements to minimize any disruption. After installation, all packaging is cleared from site and furniture is cleaned and ready for use
