

**New ways of working needed to be implemented but first the environment had to be drastically altered to take on the change**

**A workplace solution to provide team collaboration with openness in a challenging space was delivered with close consultation with the LBS Managers & staff**

**Floor to ceiling storage wall has been adopted on perimeter walls enabling LBS to realize their storage requirements**

**The London Borough of Sutton were keen to move on from the corridors and enclaves of their existing workspace**

**JS worked alongside LBS and their fit-out contractors to enable this change**

**The LBS remit required immense amounts of storage whilst specifying a height maximum of 1200mm in open space**

**London Borough of Sutton**
